The Great Invocation

Light + Love + Will = Good + Peace

Planetary Photosynthesis

by José Becerra

Photosynthesis is a fundamental fact in Nature.

We may associate:

- water (the universal solvent) with **love**;
- carbon (a vital source of energy) with the **will** which transforms organic substance into diamonds, symbols of power;
- oxygen (vital to human life) with the negation (oxidation) of evil, that is, the synthesis of **good**; and
- glucose (starch) with the **peace** of right human relations, through which the Earth's resources, the bread, can be justly shared.

These intuitive insights may reveal a spiritual formula of the most fundamental process in Nature as it relates to Humanity's planetary service.

The human kingdom has a spiritual function similar to that of the angels in the (lab)*oratory* of Nature we call the vegetable kingdom. ***The Great Invocation*** is the formula describing this vital process whereby Humanity fulfills its "psycho-synthetic" function in the planetary ecology.

In this process of ***Planetary Psychosynthesis***, the Soul of One Humanity invokes the Light, the Love and the Energy or Power emanating from the spiritual Sun, to produce Right Relations, human and planetary. The very righteousness of these relations seals the door to evil, thus restoring the Divine Order, the Plan of Goodwill, on Earth.

The Great Invocation

**From the point of Light within the Mind of God
Let light stream forth into human minds.
Let Light descend on Earth.**

**From the point of Love within the Heart of God
Let love stream forth into human hearts.
May the Coming One return to Earth.**

**From the center where the Will of God is known
Let purpose guide all little human wills -
The purpose which the Masters know and serve.**

**From the center which we call the human race
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.**

Let Light and Love and Power restore the Plan on Earth.

This year we dedicate the *Pan American World Invocation Day* to the sealing of the door to the evil of demagoguery, the corruption of democracy resulting from totalitarian tendencies of authoritarian governments promoting a “post-truth world,” both in Latin America and in the United States of America.

Let us seal –everywhere– the door where evil dwells!
