The Seven Ray Institute and The University of the Seven Rays wish to extend their sincerest gratitude to the numerous volunteers who have given of their time and energy, skill in action and gifts of service to make this conference possible. Our volunteers work countless hours both behind the scenes and in front (before, during and after the conference) to produce a yearly conference of ever increasing quality.

In the same spirit, we wish to express our deepest gratitude to all of our presenters, many of whom come from afar to share with us their inspired insights and service in the world. You bless us with your Presence and we could not offer such a fine conference without you.

Creating our yearly conferences is a group activity that requires cooperation both inner and outer. Therefore, let us also express appreciation for the angels who in their joyful cooperation with humanity, serve and inspire.

We are very grateful for the ongoing support from Larry and April Wojack – PKB Productions, who provide our audio and visual equipment. While their service is somewhat behind the scenes, their generosity of spirit enables us to offer high technical quality to presenters and participants.

With deep gratitude and appreciation, the Seven Ray Institute and the University of the Seven Rays extend special thanks to Olivia Hansen and The Synthesis Foundation for their ongoing and generous support which has made it possible to offer our annual conferences on a donation basis and extend conference attendance to a broader range of participants who would not otherwise be with us. With *radiant gratitude*, we thank you!
